

Western Adelaide Secondary Schools Network (WASSN) REGIONAL VET PROGRAMS 2019

Vocational Education and Training (VET) Courses

What is Vocational Education and Training (VET)?

VET refers to national vocational qualifications that are endorsed by industry. VET qualifications provide students with the opportunity to develop specific industry related skills. Students with VET qualifications are well prepared to take on apprenticeships (including School-based Apprenticeships), further education and training, and skilled jobs.

What are Regional VET Programs?

Regional VET programs provide students in years 10, 11 and 12 in Western Adelaide with increased vocational pathway options through a broad range of VET program choices. Regional VET programs are hosted by schools and Registered Training Organisations (RTOs). Students remain enrolled at their Home School, and attend the Host School or RTO for their chosen VET program.

What are the benefits of choosing VET?

- Gaining a nationally-recognised qualification while completing your SACE.
- Getting a 'head start' in your chosen career.
- Making your senior school study more relevant and interesting.
- Providing opportunities to learn 'on-the-job' through workplace learning.
- Gaining the skills and knowledge that employers look for.
- Providing pathways into apprenticeships, traineeships (including School-based Apprenticeships and Traineeships), further education or training, and direct employment.

How will doing a VET program contribute to my SACE?

The flexibility of the SACE enables students to include a significant amount of VET in their SACE studies. The 'SACE Credits' column in the table in this brochure shows the SACE information relevant to each particular course (ie number of SACE credits and SACE stage). Please refer to the course information in this brochure and also on our website (www.wats.sa.edu.au). Please also speak to your VET Leader for more information about VET in the SACE, or visit the SACE Board website: www.sace.sa.edu.au/web/vet.

How do I apply for a Regional VET Program?

- Step 1:** Read the information in this brochure.
- Step 2:** Read the detailed course information for the course/s you are interested in and encourage your parents/caregivers to read this too. This information is available for each course on our website (www.wats.sa.edu.au).
- Step 3:** Fill out the Student Application Form and hand it to your VET Leader by Friday week 8, term 3 (14 September, 2018). See your VET Leader for this form, or download it from www.wats.sa.edu.au.
- Step 4:** You will be provided with more information about the course from the Host School, including the particular selection and enrolment procedures, which may include an interview. Selection for entry to regional courses will be based on the following principles:
- Demonstrated capacity for independent learning and meeting the requirements of the program.
 - Identified relevant interest and/or experience in the program.
 - Commitment to a post-school pathway in this area.
- Step 5:** Applicants will be advised of the enrolment outcome early in term 4.
- Step 6:** Applicants may need some further subject counselling at their Home School to ensure that VET programs are included in their SACE and timetable.

Information provided in this brochure was correct at the time of printing. However, aspects of some programs may change and new programs may be added. Some programs may not run where viable numbers of students are not available. Please check for updated information at www.wats.sa.edu.au.

Western Adelaide Secondary Schools Network (WASSN)

WASSN is a group of Department for Education secondary schools in Western Adelaide who work collaboratively to deliver and promote comprehensive secondary education to Western Adelaide. Our Regional VET Programs provide students with access to vocational learning across a wide range of industry areas. Students are able to achieve their South Australian Certificate of Education (SACE), while learning skills and working towards industry-accredited qualifications, through Vocational Education and Training (VET) programs and School-based Apprenticeships.
